

# 10-25-00

## Agricultural NPK Solution Fertilizer

Contains: 5.0 Sulfur

### MINIMUM GUARANTEED ANALYSIS

Total Nitrogen (N).....	10.00%
9.68% Ammoniacal Nitrogen	
0.32% Nitrate Nitrogen	
0.32% Urea Nitrogen	
Available Phosphate (P <sub>2</sub> O <sub>5</sub> ) .....	25.00%
Sulfur (S) .....	5.00%

DERIVED FROM: Urea Ammonium Nitrate, Ammonium Polyphosphate and Ammonium Thiosulfate.

### APPLICATION RATES

Rate of Product To Achieve Your Desired Analysis

Lbs. of Phosphate Desired / Acre	Pounds of Product / Acre	Gallons of Product / Acre
10	40.00 Lbs.	3.55 Gallons
20	80.00 Lbs.	7.10 Gallons
30	120.00 Lbs.	10.65 Gallons
40	160.00 Lbs.	14.20 Gallons
50	200.00 Lbs.	17.75 Gallons
60	240.00 Lbs.	21.30 Gallons
Product Weight Per Gallon: 11.27 lbs.		

This product is a commercial fertilizer used in agricultural crop production. Use in accordance with recommendations of a qualified individual or institution such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

### GENERAL INFORMATION

NPK solution fertilizer 10-21-0 (NPK Ratio: 1-2.5-0) is a clear liquid fertilizer containing 10% nitrogen, 25% phosphate and 5% Sulfur. The phosphate in 10-25-00 is composed of 60% to 70% in a polyphosphate form while the balance is in the form of orthophosphates. The polyphosphates in 10-25-0 extends the availability of fertilizer when applied in high pH soil conditions as well as aiding in sequestering needed trace elements for active plant growth. This polycontent in 10-25-0 also extends the storage life so product may be stored for later use. Unlike most granular phosphate material, liquid 10-25-0 is 100% water soluble.

NPK fertilizers do not move readily in soil. Placing the band of product near developing seedling roots of annual crops is most effective. Placement below the depth of seeding may improve availability under dry conditions because the fertilizer is in a moist part of the root zone for a longer period of time than with seed row placement. Broadcast-incorporated applications are less effective than when fertilizer is banded with or near the seed of annual crops.

Conventional agricultural equipment should be used for application. Methods of application: broadcast, side dress and banding. This product is compatible with most liquid fertilizer/pesticide mixes at manufacturers' specified label rates. However, it is recommended that a "jar test" be performed prior to actual application to insure compatibility.

### FIRST AID

**IF INHALED:** Move to fresh air. Give artificial respiration if needed. Seek medical attention if irritation persists.

**IF SWALLOWED:** Give a large amount of water to drink. Induce vomiting and immediately call a physician or poison control center for further treatment advice. Do not induce vomiting or give anything by mouth to an unconscious person.

**IF IN EYES:** Flush eyes with water for at least 15 minutes, holding eyelids open. Call a physician if irritation develops or persists.

**IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water. If irritation develops or persists, seek medical attention.

### CAUTION

May be harmful if swallowed, inhaled, or absorbed through the skin. May cause eye irritation. Avoid breathing spray mist. Avoid contact with skin, eyes, and clothing. **KEEP OUT OF REACH OF CHILDREN.**

Product No: LB102500M      Production No: Sample Label

### STORAGE, HANDLING AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **Storage:** Store mini-bulks and small containers out of direct sunlight in an area of moderate temperature. Do not store where children or animals may gain access. **Handling:** Avoid containers, piping or fittings made of copper-containing alloys or galvanized metal. **Container Disposal:** Dispose of empty containers by triple rinsing and discard empty containers in a landfill in accordance with current local, state, and federal regulations.

### IMPORTANT: READ BEFORE USE

Read the Warranty Disclaimer and Limitation of Liability before using this product. By using this product, user or buyer accepts the following Warranty Disclaimer and Limitation of Liability.

**LIMITS OF WARRANTY:** MEARS FERTILIZER, INC. and seller warrant that this product conforms to the chemical description on the label and is reasonably fit for the purpose stated on such label only when used in accordance with the directions under normal use conditions. Except as specifically stated below, NO WARRANTIES, WHETHER EXPRESSED OR IMPLIED, ARE MADE WITH RESPECT TO THE PRODUCT OR ITS USE, AND NO AGENT OF THE MANUFACTURER OR OF THE SELLER IS AUTHORIZED TO DO SO.

Buyer and user of this product assume all responsibility for handling, storage and use not in accordance with directions. It is impossible to eliminate all risks inherently associated with the use of the product. Plant injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond manufacturer's and seller's control. In no case shall the manufacturer or seller be liable for consequential, special or indirect damages resulting from the use or handling of this product.
